

Direct Mail Simplified Design. Print. Deliver.

For the most affordable direct mail campaigns ever use Every Door Direct Mail™ and target your postcards to exactly where you want them to go.

Let Marvelous Marketing print and create a professionally designed, glossy postcard that will ensure the best possible results when it reaches its destination.

Direct Mail is still a great way to promote your business

- Reach prospects with a one-on-one contact economically
- Be at the right place at the right time
- Build and maintain branding cost-effectively
- Send limited offers or promotions during slow seasons
- Integrate messages with social media activities

Now, Every Door Direct Mail™ makes it even better

- Free online tool to select targeted carrier routes
- No need to purchase a mail list
- Just 16 cents postage a card
- Mail permits not required

Let Marvelous Marketing
create and print a brand-focused
postcard for your business.

Affordable advertising for small business

Design

If you don't have a design, let Marvelous Marketing work with you to create a professional postcard that will effectively communicate your message.

Select

You decide which homes or businesses in a geographic area to target. Use the free EDDM map tool at the US Postal Service [Website](#). Note the quantity of addresses in the areas selected.

Print

Marvelous Marketing printing services are high-quality and affordable. A good size card is 6.5 X 9 inches. See the chart below to consider different options and determine printing costs for different card sizes. Add printing costs to postage of 16 cents each to calculate a total cost to print and mail. The table below will help you find the right program for your budget.

Process

The EDDM program is easy and straightforward. Bundle your cards into packs of 100, print and complete the face sheets and take them all to the post office for next-day mailing. Please inquire about our processing services.
